Inspector Observations:

Follow-up to the initial complaint inspection (CO0069077) and facility closure on 5/16/19. Met with facility management representatives this date and reviewed pest control measures. Observed all noted areas from the inspection on 5/16/19 to be cleaned and sanitized. Management provided documentation showing a pest control company serviced this location on 5/16/19 and will continue to follow-up on a weekly basis for this month leading into June. Inspected all areas where cockroach activity was observed on 5/16/19. No signs of cockroach activity (live/dead) observed at this time. Maintenance was sealing cracks and crevices along the walls and floors. Employees were in progress of completing a thorough cleaning/sanitizing of the kitchen and customer area.

Facility approved to re-open at this time. Closure sign removed and "A" placard reinstated. Continue to monitor the facility for any signs of cockroach activity and take immediate action as required.
